SLP Assistant	Minimum educational requirement is a **Bachelor Degree in Communication Disorders** *See Title 880 of the SLPA Board for coursework and clinical hours requirement.		

<u>Please Note:</u> By law the supervisor MUST determine the responsibilities assigned to support personnel based upon educational level, training, and experience of individual support personnel. Tasks may only be delegated to support personnel IF planned by the supervisor, and the individual has been provided with adequate training to perform the task competently.

Each individual licensed under this article and each individual registered as a speech-language pathology aide, a speech-language pathology associate, or a speech-language pathology assistant shall make the license or registration, or an official duplicate of the license or registration, available when the individual practices speech-language pathology or audiology or provides support services. In addition, before support personnel may provide services, the speech-language pathologist shall ensure that prior written notification is provided to the recipient of the services that services are to be provided in whole or in part by support personnel.

Speech Language Pathology Support Personnel Rules in Indiana

Title 880 of the Indiana Professional Licensing Agency

Types of SLP Support Personnel	Minimum Standards for Direct Client Treatment by and Accessibility of Supervisor	Minimum Standards for Supervision and Documentation of Supervision	Supervisory Responsibilities of the Speech-Language Pathologist (Same for all 3 types)
SLP Aide	**Supervisor MUST be physically present within the same building as the SLP aide at all times when direct client care is provided.** **Supervisor MUST directly provide 33% (1/3) of treatment weekly to each client.**	**Supervisor MUST provide "direct supervision" a minimum of 20% weekly for the first 90 days of work and a minimum of 10% thereafter.** **Supervisor MUST review all data and documentation on clients seen for treatment every five (5) working days.**	❑ **Meet the following qualifications:** ➢ Hold a current **IPLA license**. ➢ Hold a Certificate of Clinical Competence (CCC) or its equivalent from a nationally recognized association of speech-language and hearing • ***CCC requirement goes into effect AFTER July 1, 2010.*** ❑ **Supervise NO MORE THAN 2 support personnel** at any one time. ❑ **Adjust the amount of supervision** depending on the competency of the support personnel, needs of the clients served, and the nature of the assigned tasks, however the **minimum standard must be maintained**. ❑ **Clearly delineate** the role and tasks of the support personnel to the support personnel themselves including specific lines of responsibility and authority. ❑ **Assure support personnel** that they are responsible only to the supervisor in all client activities. ❑ **Assess individual client needs** when deciding the appropriateness of a support personnel service delivery model. ❑ **Evaluate** each client prior to treatment ❑ **Outline and direct** client's specific program ❑ **Review** case upon termination of services ❑ **Not permit** support personnel from making decisions regarding diagnosis, management, or future disposition of clients ❑ **Officially designate** the type of support personnel working with a client on all clinical records ❑ **Designate another** licensed SLP to supervise during vacation periods or illness not to exceed (30) days. ❑ **Notify the board, in writing,** of termination of the supervision of support personnel including the date of termination and the designation of an interim supervisor not to exceed (30) days. (No fee for interim supervisor)
SLP Associate **&** **SLP Assistant**	**Supervisor must provide direct treatment a minimum 1x per 2 weeks to each client.** **Supervisor must always remain accessible, to mean reachable by personal contact, telephone, pager, or by other immediate means.**	**Supervisor MUST provide "direct supervision" a minimum of 20% weekly for the first 90 days of work and a minimum of 10% thereafter.** **Supervisor MUST alternate supervision days and times to ensure all individuals receive direct treatment from the supervisor as required.** **Supervisor MUST review all data and documentation on clients seen for treatment every five (5) working days.** **Important Note: "Direct supervision" means onsite, in-view observation and guidance by the supervising speech-language pathologist while an assigned therapeutic activity is being performed.**
