

Purdue Aphasia Boot Camp 2019

The Purdue Aphasia Research Laboratory and the M.D. Steer Speech and Language Clinic are inviting persons with aphasia to participate in our 2019 Purdue Aphasia Boot Camp. The Boot Camp includes:

- ***Three weeks of aphasia therapy (3 times a week, ~1.5 hours per day), including both individualized and group therapy sessions.***
- ***Opportunity to participate in up to 4 research testing sessions.***

**A language assessment will be completed prior to the beginning of the program to determine eligibility.

Participation is FREE and parking in the attached garage is included.

Tentative schedule: Three weeks in June 2019 (Monday, Wednesday, Friday am). Specific dates and times to be determined.

Location: Purdue University Speech/Language Clinic, Lyles-Porter Hall

You are invited to apply if you:

- Have aphasia due to a stroke
- Are a native speaker of English
- Can commute to Purdue's campus (West Lafayette) for participation in the program

Don't wait! Spots are limited and initial testing begins in February/March!
