

Therapy Targets for ELL Students: Effective Tools and Strategies

Elizabeth Buck, MA, CCC-SLP & Jennifer Whitley, MA, CCC-SLP
ISHA Conference, April 2019

Types of English Language Learners

Simultaneous Bilingual	Sequential Bilingual	Sequential School Age
<ul style="list-style-type: none">• Children who are exposed to, and given opportunities to learn, two languages from birth or shortly after• Simultaneous bilingual children are rarely exposed to each language equally	<ul style="list-style-type: none">• Children who are being exposed to a second language shortly after the establishment of the first language• Also referred to as successive bilinguals or second language acquisition	<ul style="list-style-type: none">• Exposed to a second language at older ages with a higher level of cognitive maturity and literacy experienced from which to build

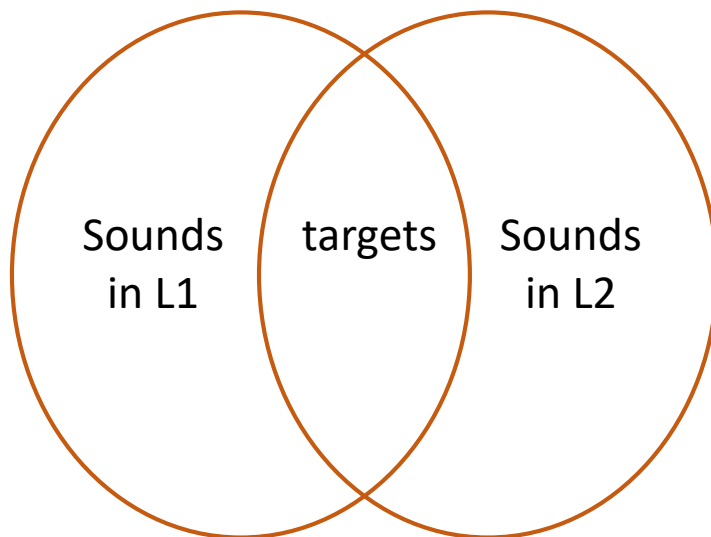

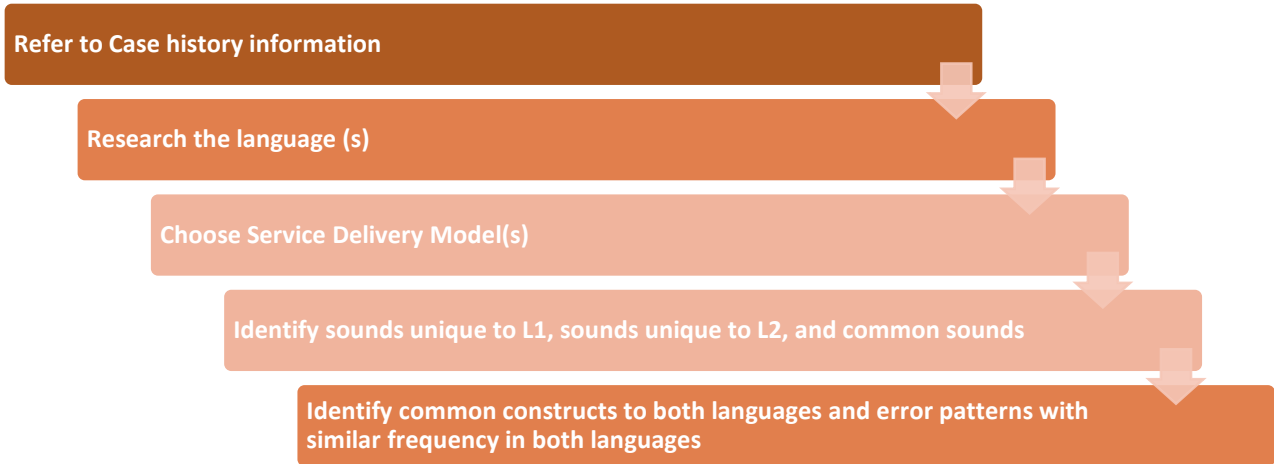

Service Delivery Models

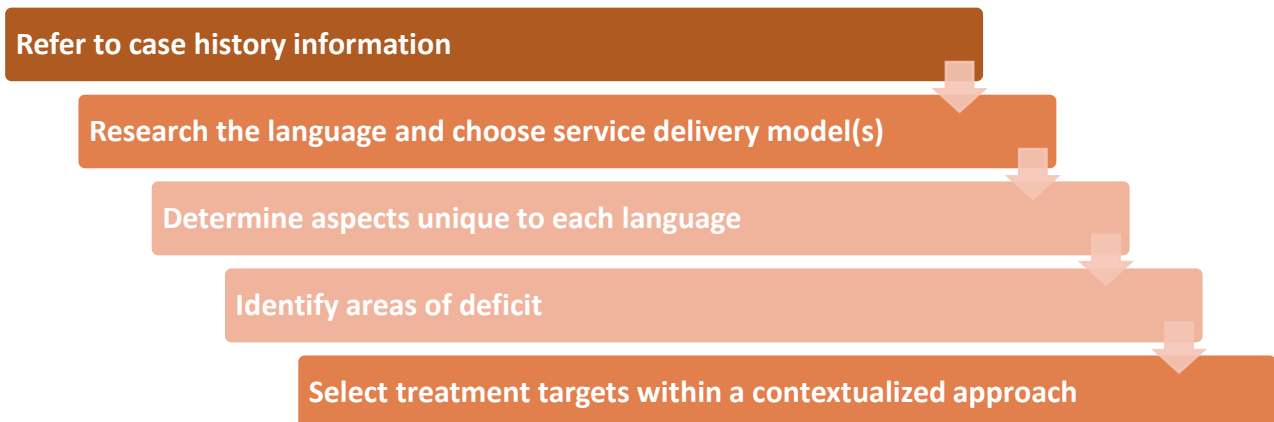

Ethical Considerations

- Make appropriate referrals as necessary if you feel you are not equipped to work with a particular client
- Continuing education should reflect the clientele you serve—advocate for what you need in order to be effective for your clients
- SLPs are responsible for educating themselves to ensure cultural and linguistic competence
