

Personally Relevant Word Brainstorming: For each grid, pick a topic category. Then write down words that you use in daily conversations for that category. *For example:* People (write down names of family members, friends, neighbors, coworkers/volunteer friends, pets); Places (write down names of restaurants, stores, streets, countries, states, cities); Household Items; Food/Drink; Entertainment, Hobbies, Current Events; Work/Volunteer; Medical. Example provided below.

We will use these words to make word exercises and compensatory aids (“back up plan” for word finding).
